Registration information

Measuring digital development: Telecommunication/ICT indicators

Training details

Modality: Online self-paced
Dates: *04 Jan 2022 - 31 Dec 2022*
Training fees: $0.00
Language: English
Registration deadline: 24 Dec 2022
Training code: 22OS28007MUL-E
Contact: indicators@itu.int

Training description

The training aims to strengthen the capacity of countries to produce ICT indicators and statistics according to international standards and methodologies. It presents the main groups of telecommunication/ICT indicators collected and the different questionnaires as well as the definition and methodologies of the indicators following the ITU Handbook for the collection of administrative data on telecommunications/ICT. Examples provided address data gaps and challenges faced by countries and suggests possible solutions.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account here
2. Register for the course here

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
