Climate change and the mobile industry

Organized by:

Training details

Modality: Online instructor led
Dates: *01 Jul 2025 - 02 Jul 2025*
Training fees: $0.00
Language: English
Application deadline: 24 Jun 2025
Training code: 25OI500284MUL-E-D
Contact: ituacademy@itu.int

Training description

This course aims to inform telecommunications policymakers and regulators, particularly those in emerging and developing markets, about the multifaceted relationship between mobile technologies and climate change. It also discusses how the mobile industry is reducing its own impacts on climate change while also enabling climate action in other sectors. Furthermore, it details how policymakers can facilitate climate action across the mobile ecosystem and beyond.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
