Registration information

ITU/Rohde & Schwarz training workshop on implementation of radio monitoring systems according to ITU-R recommendations

Organized by:

Training details

Modality: Face to Face
Location: Singapore, Singapore
Dates: *02 Sep 2019 - 06 Sep 2019*
Training fees: $0.00
Language: English, English
Application deadline: 23 Aug 2019
Contact: sharon.chan@rohde-schwarz.com

Training description

This training workshop aims to introduce participants to the basics of radio monitoring and explains in detail the functions and applications of a modern radio monitoring receiver. Practical exercises on all important radio monitoring tasks will be made in groups and will enhance the knowledge. Thus, participants will learn about the planning, implementation and operation of spectrum monitoring systems.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected,

you will receive a notification by email.
