Contact: jamaliah_s@utm.my

Training description

The face-to-face training course on âFifth Generation (5G) Technology: State-of-the-Art, Opportunities and Challengesâ is scheduled to be held in Kuala Lumpur, Malaysia from 15-17 October 2019. This training is organised jointly by the International Telecommunication Union and the Wireless Communication Centre, Universiti Teknologi Malaysia as part of the Wireless and Fixed Broadband programme under the auspices of the ITU Centres of Excellence for Asia-Pacific. The training will be delivered in English. This course aims to equip the participants with a multi-dimensional view of the 5G Technology, from the perspective of technology, standard, regulation, policy, commercial, economy, social and environment. The course will equip the participants with fundamental understanding of the key requirements, key capabilities and usage scenarios of 5G and the key innovations behind it. The course will further guide the participants to identify various opportunities offered by 5G and the corresponding issues and challenges for 5G deployment. Detailed information on this training course is described in the course outline which can be downloaded from the ITU Academy Portal at the following link http://academy.itu.int/ and http://www.itu.int/itu-d/asp. This training is targeted at executives, managers, officials, engineers, employees from policy makers, regulators, government organisation, telecom operators, vertical industries, telecom investment companies, academia who are dealing with the planning, developing, and implementing 5G networks. Other institutions and individuals dedicated in building their capacity related to 5G Technology are also welcome to participate. Registration should be made online at the aforementioned link no later than 30th September 2019. Payment details are specified in the course outline. Mr. Ashish Narayan (ashish.narayan@itu.int) from the ITU and Mdm Jamaliah Salleh (jamaliah_s@utm.my) from UTM are at your disposal, if you need any more information.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account here
2. Register for the course here

How to pay for the training

A training fee of USD 550.00 per participant is applied for this training course. Payment should be made via the online system using the link mentioned above for training course registration at course page.

Where it is not possible to make payment via the online system, select the option for offline payment to generate an invoice using the same link as above. Download the invoice to make a bank transfer to the ITU bank account shown below. Then send the proof of payment/copy of bank transfer slip and the invoice copy to Hcbmail@itu.int and copy the course coordinator. **All bank transaction fees must be borne by the payer.**
Failure to submit the above documents may result in the applicant not being registered for the training.

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the "My account" button in the user menu and click on the "Apply to be an Institutional Contact" button
2. Fill in the required information and click "continue", a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab "Institutional Contact" appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.

The ITU Academy is the International Telecommunication Union
leading platform for capacity development initiatives.
