Contact: subhash.iitr83@gmail.com

Training description

The face-to-face training course on "Cyber Security for Enterprises" to be held at ALTTC, India from 10th to 15th October 2019. The training is organized jointly by the International Telecommunication Union and Advanced Level Telecom Training Centre (ALTTC) as part of the Cyber Security training programme under the auspices of the ITU Centre of Excellence for Asia-Pacific region. The training will be delivered in English. The training course is designed to enhance the understanding of participants on cybersecurity concepts, network architecture and components, regulatory aspects of cybersecurity, understanding vulnerabilities prevailing in networks & its components, risk analysis and security mechanism, and the need of securing IT elements. The training will enable the participants to understand and appreciate the cybersecurity issues and challenges, authentication procedure, ciphering, algorithm etc. with the help of case studies, discussions, as well as demonstration of tools & techniques to avoid cyber-attacks. Detailed information of this training program is described in the training outline (Annex-I). This training targets executives, managers, engineers and technical staff from regulators, policy makers, telecom operators, academia and other institutions. To register for this training, participants are requested to complete the registration online on ITU Academy portal (<https://academy.itu.int/>) latest by 5th October 2019. Mr. Ashish Narayan (ashish.narayan@itu.int) from the ITU and Mr. Subhash Chand (subhash.iitr83@gmail.com) from ALTTC (CoE), India, is at your disposal, if you need any more information.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account [here](#)
2. Register for the course [here](#)

How to pay for the training

A training fee of USD 275.00 per participant is applied for this training course. Payment should be made via the online system using the link mentioned above for training course registration at [course page](#).

Where it is not possible to make payment via the online system, select the option for offline payment to generate an invoice using the same link as above. Download the invoice to make a bank transfer to the ITU bank account shown below. Then send the proof of payment/copy of bank transfer slip and the invoice copy to Hcbmail@itu.int and copy the course coordinator. **All bank transaction fees must be borne by the payer.**

Failure to submit the above documents may result in the applicant not being registered for the training.

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the “My account” button in the user menu and click on the “Apply to be an Institutional Contact” button
2. Fill in the required information and click “continue”, a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab “Institutional Contact” appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
