Building IoT Solutions for Energy and Water Resource Management

Organized by:

Training details

Modality: Online instructor led

Dates: 16 Dec 2019 - 27 Dec 2019

Training fees: \$125.00

Language: English

Registration deadline: 20 Dec 2019

Training code: 19OI24421ASP-E

Contact: Edu@IoTAcademy.ir

Training description

The Online training course on Building IoT Solutions for Energy and Water Resource Management will be conducted from 16 Dec to 27 Dec 2019. This training is organized jointly by the International Telecommunication Union and the IoT Academy as part of the Internet of Things programme under the auspices of the ITU Centres of Excellence for Asia-Pacific region. The training will be delivered in English. This Online training course aims to introduce participants to Internet of Things (IoT) concept, pillars, trend, market, architecture and IoT verticals related to energy and water. It will focus on topics that address IoT usage for supply management, IoT solutions for energy resource management and IoT solutions for water resource management. Detailed information on this training course is described in the course outline (Annex 1 attached), which can be downloaded from the ITU Academy Portal at the following link <https://academy.itu.int/>. The course is targeted at organizations, industries, IT professionals, ICT engineers, policy makers, regulators, service & solution providers and academia, who are interested in understanding the IoT solutions for energy and water resource management. Other institutions and individuals that are interested in building their capacity in this field are also welcomed to participate in this training program. Registration should be made online at the aforementioned link no later than 15 Dec 2019

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account [here](#)
2. Register for the course [here](#)

How to pay for the training

A training fee of USD 125.00 per participant is applied for this training course. Payment should be made via the online system using the link mentioned above for training course registration at [course page](#).

Where it is not possible to make payment via the online system, select the option for offline payment to generate an invoice using the same link as above. Download the invoice to make a bank transfer to the ITU bank account shown below. Then send the proof of payment/copy of bank transfer slip and the invoice copy to Hcbmail@itu.int and copy the course coordinator. **All bank transaction fees must be borne by the payer.**

Failure to submit the above documents may result in the applicant not being registered for the training.

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the “My account” button in the user menu and click on the “Apply to be an Institutional Contact” button
2. Fill in the required information and click “continue”, a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab “Institutional Contact” appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.
