Registration and payment information

IoT sensors and network for disaster communication

Organized by:

Training details

Modality: Online instructor led
Dates: *20 Jul 2020 - 31 Jul 2020*
Training fees: $100.00
Language: English, English
Registration deadline: 19 Jul 2020
Contact: subhash.iitr83@gmail.com

Training description

Description: IoT technologies & sensor-based communication can provide a solution for disaster preparedness, such as prediction and early warning systems to compensate for inadequate infrastructure that places developing and emerging countries in a, particularly vulnerable position. This course aims to equip participants with the knowledge of mitigating the risks and effects of natural disasters due to high population density, poor evacuation infrastructure and exposure to severe weather events through the use of IoT sensors. Learning outcomes: Upon completion of this training course, participants will be able to: â¢ apply the concept of advanced deployment of IoT applications in disaster management; and â¢ be aware of the development taking place on advanced applications of IoT like Smart Grid, IoT applications to mitigate the effect and risks of different kinds of disaster. Audience: Executives, managers, engineers and technical staff from regulators, policymakers, telecom operators and academia and Government Organization

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Register for the course [here](#)

How to pay for the training

A training fee of USD 100.00 per participant is applied for this training course. Payment should be made via the online system using the link mentioned above for training course registration at [course page](#).

Where it is not possible to make payment via the online system, select the option for offline payment to generate an invoice using the same link as above. Download the invoice to make a bank transfer to the ITU bank account shown below. Then send the proof of payment/copy of bank transfer slip and the invoice copy to Hcbmail@itu.int and copy the course coordinator. **All bank transaction fees must be <u>borne by the payer.</u>**
Failure to submit the above documents may result in the applicant not being registered for the training.

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the "My account" button in the user menu and click on the "Apply to be an Institutional Contact" button
2. Fill in the required information and click "continue", a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab "Institutional Contact" appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.

The [ITU Academy](#) is the International Telecommunication Union
leading platform for capacity development initiatives.
