Training details

Modality: Online instructor led

Dates: 05 Oct 2020 - 31 Oct 2020

Training fees: \$0.00

Language: English, English

Application deadline: 20 Oct 2020

Contact: innovation@itu.int

Training description

The course is intended for policy-makers, decision-makers, innovators and ecosystem builders who wish to build thriving entrepreneurial communities that can navigate technological revolutions and create competitive ICT industries. This 2nd edition is primarily for the winners of the ITU challenges and prospective participants to the regional innovation forums and global innovation forums. The course introduces key terminologies, concepts, tools and steps to assess your country's innovation capacity through practical information. Upon completion of the course, you will understand: • Innovation, digital ecosystems and digital transformation, and their relationship to national development priorities. • How digital entrepreneurship can contribute to making your country an innovation-driven economy, who the key stakeholders in your ecosystem are and their roles in digital transformation. • Your country's digital innovation gap and how to measure it. • How to diagnose the specifics of the digital innovation gap. • How to develop a high-level roadmap to close this gap

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.
