## **Description**

This course is aimed at providing guidance for developing table top simulation exercises which will help to test if NETPs and other national strategies for disaster preparedness and response are ready to be used when disasters strike.

## **Registration information**

---

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
