Cyber Disaster Response: Development of Simulation Exercises

Training details

Modality: Online instructor led
Dates: *21 Apr 2021 - 23 Apr 2021*
Training fees: $0.00
Language: English
Registration deadline: 18 Apr 2021
Training code: 21OI026460AFR-E
Contact: kusmani@cert.ncb.mu

Training description

The main objective of the course is to enable participants to develop simulation exercises that will help them build their capabilities and train them in handling cyber incidents. Other objectives include: â¢ Develop crisis management capabilities and leadership with responsible actors; â¢ improve the ability to interact with other actors in the crisis management system; â¢ increase the ability to make quick decisions and communicate situation information; â¢ develop the participants' ability and confidence in their own competence; â¢ maintain awareness of the complexity that is characteristic of crisis situations; â¢ examine and develop contingency plans that mirror reality; â¢ highlight weaknesses and strengths in resources and technology; â¢ develop the participants' ability and confidence.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account here
2. Register for the course here

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.

International Telecommunication Union
Place des Nations, 1211 Geneva 20
