Description

This course is designed with the objective to help Small and Medium Entrepreneurs on how to leverage the power of technology to automate their businesses and further push their products and services to a wider market. This workshop has been designed in such a simple yet powerful manner that non-techy business owners can start building websites and uploading their products for their target audience.

Registration and payment information

[Document on registration and payment information (English)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
