**Training fees:** \$0.00  
**Language:** English  
**Registration deadline:** 24 Dec 2022  
**Training code:** 22OS500130MUL-E  
**Contact:** [fanny.rotino@itu.int](mailto:fanny.rotino@itu.int)

#### Training description

Child Online Protection (COP) is a growing priority as children are more than ever at risk of violence, abuse, exploitation, and neglect online. Engaging policy makers in online safety has never been more critical in protecting children online. This self-phased course is designed for policy makers about child online behaviours, threats and risks associated with cyberspace, and help them to develop national policies and strategies in line with current global trends, that are holistic, inclusive, multi-stake sectoral and evidence based.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

#### How to register

In order to register for the training, participants should:

1. Create an ITU Academy account [here](#)

2. Register for the course [here](#)

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
