Training description

This training is designed to provide learners with principles of data and technology that frame and define cyber security. Participants will gain insight into the importance of cyber security and the integral role of cyber security professionals. The interactive, self-guided format will provide a dynamic learning experience where users can explore foundational cyber security principles, security architecture, risk management, attacks, incidents, and emerging IT and IS technologies. supposed to provide all participants with extensive insights and practices about Cyber Security. Among other issues related to Fundamentals of Cyber Security, the following topics will be covered: The main purpose of this training is to: ? Understand the principles of organizational security and the elements of effective security policies. ? Know the technologies and uses of cryptographic standards and products. ? Install and configure network- and host-based security technologies. ? Describe the standards and products used to enforce security on web and communication technologies.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to register

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Register for the course [here](#)

How to pay for the training

A training fee of USD 500.00 per participant is applied for this training course. Payment should be made via the online system using the link mentioned above for training course registration at [course page](#).

Where it is not possible to make payment via the online system, select the option for offline payment to generate an invoice using the same link as above. Download the invoice to make a bank transfer to the ITU bank account shown below. Then send the proof of payment/copy of bank transfer slip and the invoice copy to Hcbmail@itu.int and copy the course coordinator. **All bank transaction fees must be borne by the payer.**

Failure to submit the above documents may result in the applicant not being registered for the training.

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the “My account” button in the user menu and click on the “Apply to be an Institutional Contact” button
2. Fill in the required information and click “continue”, a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab “Institutional Contact” appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
