Dates: 02 Oct 2023 - 10 Nov 2023

Training fees: \$0.00

Language: English, English

Application deadline: 18 Sep 2023

Contact: alexandre.vallet@itu.int

Training description

Under close cooperation between the ITSO and the ITU, the online course "Satellite Communications and Radio Regulations Procedures" has been developed and put in place with the primary objective of raising awareness amongst individuals, organizations and institutions on policies, regulations, licensing frameworks and technical aspects associated with the provision of satellite communications services. This program is also an essential component of ITSO Capacity Building Initiative, which has been supported by member states and various partnerships and is intended to offer to member states an access to basic capabilities and necessary tools to support the continuous development and effective use of satellite communications services.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)

3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
