## Description

One of the many barriers that persons with disabilities face in accessing employment opportunities is that many career sites and job portals do not contain accessible digital content and have not been designed and developed with ICT accessibility requirements in mind. Employers committed to inclusive employment need to be aware of this. Guaranteeing that job portals meet the necessary accessibility requirements is critical for persons with disabilities to enter and thrive in the labour market.

## Registration information

[Document on registration information \(English\)](#)

---

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
