Description

The course is aimed at providing information on how to develop National Emergency Telecommunications Plans through a multi-stakeholder approach including all phases of disaster management.

This course is based on the ['ITU Guidelines for National Emergency Telecommunication Plans'](#) available on the International Telecommunication Union website and referenced throughout the course.

Registration information

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
