## Description

This course has been developed by ITU to provide an introduction to the Tampere Convention on the Provision of Telecommunications Resources for Disaster Mitigation and Relief Operations (referred to as the Tampere Convention throughout this course), its structure and institutions, and the process of its implementation.

## Registration information

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
