## Description

A follow-up to the introduction to e-waste policy, this course is a key resource for understanding EPR's foundation and requirements, aimed at assisting in the production of e-waste policy and regulation.

Across the 6 modules, you will review the fundamentals of e-waste management, learn about the elements and instruments in an EPR based e-waste management system, and additional considerations/best practices in developing an effective and equitable legislative framework.

## Registration information

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
