Description

This training course empowers start-up and scale-up women entrepreneurs by developing green digital entrepreneurship knowledge and skills in order to increase their economic empowerment. The

course is designed to guide participants through the concepts and benefits of green business, green and circular economy and sustainability concepts. It also explores digital green concepts, how to green supply chains and green finance. This course has been made possible with the support of the Women's Entrepreneurship Accelerator (WEA).

Registration information

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
