Contact: indicators@itu.int

Training description

This course aims to raise awareness of what Mobile Phone Data is and to showcase how it can be applied at a National Statistical Organisation (NSO). Information will be shared on how to obtain Mobile Phone Data, plus the opportunities and challenges it presents for incorporating its use at the NSO. The course has been developed by the Task Team on Mobile Phone Data of the UN Committee of Experts on Big Data and Data Science for Official Statistics (UN-CEBD).

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account here
2. Register for the course here

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
