Training details

Modality: Online self-paced
Dates: Open
Training fees: $0.00
Language: English, Portuguese, Other
Registration deadline:
Training code: 24OS100338MUL-E
Contact: treg@itu.int

Training description

A practical guide for universal access and service implementation, this toolkit offers analytical tools, examples, and templates to assist policy-makers, regulators, and fund administrators in designing, implementing, and financing digital technology and communication infrastructure programs.

The main objective of this course is for participants to better understand and apply the analytical tools, examples and templates provided in the toolkit to navigate common questions and challenges faced when using public funds to design, implement and finance programmes and projects that facilitate access to digital technologies and communication infrastructure.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account here
2. Register for the course here
