Registration information

Implementation of spectrum monitoring systems according to ITU-R Recommendations

Organized by:

Funded by

Funded by the European Union

Training details

Modality: Face to Face

Location: , Germany
Dates: *24 Jun 2024 - 28 Jun 2024*
Training fees: $0.00
Language: English
Application deadline: 13 May 2024
Training code: 24WS100378MUL-E
Contact: kerstin.juettner@rohde-schwarz.com

Training description

Through interactions with a team of experts in the field, as well as various practical, hands-on sessions, participants will explore procedures, recommendations in spectrum monitoring, examine technical basics about antennas, and operate receivers, direction finders and software. The training focuses its content on the latest ITU recommendations and reports. Fellowships are available for this course, find more information below. This training will take place face-to-face in Munich, Germany

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
