The role of standards and interoperability

Organized by:

Training details

Modality: Online instructor led

Dates: 15 Jul 2024 - 09 Aug 2024

Training fees: \$0.00

Language: English

Application deadline: 08 Jul 2024

Training code: 24OI100405MUL-E

Contact: jmwakijele@afraiti.org

Training description

The course aim is to: - Clarify organizations responsible to set the standards and mechanisms established by national authorities to enforce mandatory standards. - Help self-monitoring of players in order to conform to set standards and those of the regulator. - Analyze the available penalties for contravening the set standards. - Ensure the participants differentiate the different roles undertaken by various players in the field. - Assess cases for licensing based on pre-established set of standards. The course will cover specifically ICT standards and interoperability within ICT systems.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to apply

In order to register for the training, applicants should:
