Smart agriculture: leveraging IoT for agribusiness growth

Organized by:

Inatel

Training details

Modality: Online instructor led
Dates: *11 Nov 2024 - 31 Dec 2024*
Training fees: $79.00
Language: English
Application deadline: 20 Dec 2024
Payment methods: bank_transfer, Paypal, Bank transfer, Paypal
Training code: 24OS100406MUL-E
Contact: d.danielnunes@inatel.br

Training description

The online IoT course applied in rural areas is a comprehensive program focused on understanding and implementing Internet of Things solutions in the agricultural context. Participants will be introduced to the fundamental principles of IoT and explore its potential via data collection, device connectivity, and sensor application for optimizing agricultural processes. Delving into communication protocols, participants will be empowered to develop and deploy intelligent systems for agricultural monitoring, crop management, asset tracking, and remote operation control, aiming to increase efficiency and productivity in the rural environment.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

How to pay for the training

This course is organized by Instituto Nacional de Telecomunicações (INATEL), an ITU Academy Training Centre, which will collect the training fees directly.

You will find details about the payment process of this Centre at the following link or alternatively in your ITU Academy account under My courses.

Kindly note that payment must be made by 20 Dec 2024

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the “My account” button in the user menu and click on the “Apply to be an Institutional Contact” button
2. Fill in the required information and click “continue”, a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab “Institutional Contact” appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
