Description

This course will provide participants with an introductory exposure to the world of policymaking and electronics producer responsibility in the area of e-waste management, bringing together key learning materials based around the underpinning legal, financial and administrative components of well-functioning e-waste management systems. With the generous support of the Global Gateway initiative of the European Union, participation in this training is provided free of charge for selected applicants, including accommodation, meals (3 lunches and 1 dinner), and other organized activities, including a field trip to an e-waste recycling facility. Participants or their organizations will be responsible for covering their travel expenses to and from Bangkok, Thailand.

Registration information

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
