Description

This face-to-face training course is designed to provide a comprehensive understanding of how digital technologies can revolutionize public service and governance. Through theoretical insights, practical examples from global initiatives and hands-on exercises, learners will explore strategies for implementing digital changes within their organization. This course aims to equip learners with the skills and knowledge to lead and participate in digital transformation effectively.

With the generous support of the Global Gateway initiative of the European Union, participation in this training is provided free of charge for selected applicants. This includes accommodation, meals, training and extracurricular activities. Participants or their organizations are responsible for covering their travel expenses to Nairobi, Kenya and if necessary, visa application costs.

Financial support available

Registration information

[Document on registration information (English)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
