Training fees: $0.00
Language: English

Application deadline: 27 Apr 2025
Training code: 25WS500224MUL-E-D
Contact: training@afralti.org

Training description

This course explores the latest trends and innovations in digital technology and examines their implications for digital transformation. It covers topics such as artificial intelligence, blockchain, and the Internet of Things (IoT), highlighting their potential to drive innovation and disrupt traditional business models.
Through theoretical insights, practical examples from global initiatives, and hands-on exercises, learners will develop strategies to implement emerging technologies and navigate digital change effectively within their organizations. The course aims to equip participants with the skills and knowledge needed to lead and contribute to digital transformation successfully.

With the generous support of the Global Gateway initiative of the European Union, selected applicants can participate free of charge. This includes accommodation, meals, and other organized activities for a comfortable and immersive learning experience. Participants or their organizations will be responsible for covering their travel expenses to Nairobi, Kenya and if necessary, visa application costs.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.
