Her CyberTracks - Incident Response CyberTrack

Organized by:

giz Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH

LAC4
Latin America and Caribbean Cyber Competence Centre

Training details

Modality: Blended
Dates: *12 May 2025 - 31 Oct 2025*
Training fees: $0.00
Language: English
Application deadline: 14 Apr 2025
Training code: 25BL500269MUL-E-D
Contact: womenincyber@itu.int

Training description

The objective of Her CyberTracks is to promote the equal, full, and meaningful representation of women in cybersecurity. To this end, the training course initiative equips women with the necessary skills and mindsets to succeed in cybersecurity through targeted cyber capacity building.

Her CyberTracks offers a one-stop curriculum based on three pillars:

- TRAIN: Develop capacity to contribute to a secure and resilient cyberspace. We provide expert training courses, delivered online and on-site, to equip women with the technical and soft skills needed to shape cybersecurity.

- MENTOR: Promote awareness and knowledge sharing of best practices in cybersecurity career development. We provide a platform for senior cyber professionals to mentor women at junior level and foster their professional and personal growth.

- INSPIRE: Positive role models in cybersecurity inspire and empower further women to actively participate and lead in the field. We organize inspirational keynote webinars, regional networking meetings and study visits to shift perceptions and (rightly) position women as valuable additions to the cybersecurity workforce.

The curriculum includes the **Her CyberTracks Europe and Africa trainings**, composed of on-site activities featuring soft skills masterclasses, simulations and hands-on exercises, mentorship circles, study visits to cybersecurity organisations, and engaging networking opportunities.

Participants may choose among three available CyberTracks: Policy & Diplomacy CyberTrack, **Incident Response CyberTrack**, Criminal Justice CyberTrack**.**

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
