Training description

In today's digital world, effective communication is essential for driving innovation and development. Strategic communication for digital development 101 is a beginner-level course designed to equip professionals with foundational skills in strategic communication. Participants will learn how to craft impactful messages, engage key audiences, and apply communication strategies to support digital initiatives.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page <u>here</u>.

How to register

In order to register for the training, participants should:

- 1. Create an ITU Academy account here
- 2. Register for the course here

The <u>ITU Academy</u> is the International Telecommunication Union leading platform for capacity development initiatives.

International Telecommunication Union Place des Nations, 1211 Geneva 20 Switzerland
