Modality: Online instructor led
Dates: *20 Oct 2025 - 21 Nov 2025*
Training fees: $0.00
Language: English
Application deadline: 28 Sep 2025
Training code: 25OI500304MUL-E-D
Contact: ituacademy@itu.int

Training description

This course offers a comprehensive exploration of the key principles, frameworks, and emerging risks shaping the future of responsible artificial intelligence (AI) governance. Designed for policymakers, regulators, and public officials, it provides practical tools to navigate the legal, ethical, and technical dimensions of AI while promoting trust, protecting rights, and aligning with global best practices.

By the end of the training, participants will be equipped to anticipate and mitigate AI-related risks, foster public trust, and develop inclusive, ethical governance strategies that reflect international norms. The course also supports a community of practice that connects local action with global momentum, enabling participants to play a leading role in shaping the future of AI governance.

With the generous support of the European Union's Global Gateway initiative, participation in this training is offered free of charge to selected applicants.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
