Dates: *16 Sep 2025 - 17 Sep 2025*
Training fees: $0.00
Language: English
Application deadline: 17 Sep 2025
Training code: 25WS500313ASP-E-D
Contact: samantha.oriordan@itu.int

Training description

This training course provides participants with beginner exposure to the world of regulatory development in the area of e-waste management. It brings together key learning materials and resources based on underpinning circular economy principles and the environmental policy approach of extended producer responsibility (EPR). It too addresses the legal, financial and administrative components of well-functioning e-waste management systems. This training is made possible through the generous support of the United Kingdom Foreign, Commonwealth & Development Office (FCDO), under the FCDO Digital Access Programme.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
