Training workshop on Introduction to Artificial Intelligence in India

Organized by:

Training details

Modality: Face to Face
Location: Bangalore, India
Dates: *02 Sep 2025 - 02 Sep 2025*
Training fees: $0.00
Language: English
Registration deadline: 02 Sep 2025
Training code: 25WS500336ASP-E-D
Contact: ituacademy@itu.int

Training description

Discover the transformative power of Artificial Intelligence (AI) and its ever-expanding influence on our world. From self-driving cars and healthcare innovations to predicting legal outcomes and advancing space exploration, AI is revolutionizing industries and everyday life. This workshop will delve into the fundamentals of AI, exploring how machines can mimic human intelligence through speech recognition, problem-solving, and logical reasoning.

Participants will gain insights into the current real-world applications of AI, explore exciting career opportunities in AI and related fields like computer science, mathematics, and statistics, and learn about the future potential of this groundbreaking technology.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to register

In order to register for the training, participants should:
