Training fees: $0.00
Language: English

Application deadline: 07 Jun 2026
Training code: 27WS500411MUL-E-D
Contact: mlobin@cert.govmu.org

Training description

This course is designed to introduce the in-depth concept of cyber threat intelligence to participants and provide them with the practical experience to gain cyber threat intelligence skills required to make security teams better, threat hunting more accurate, incident response more effective, and organizations more aware of the evolving cyber threat landscape. Cyber threat intelligence is an area of cybersecurity that focuses on the collection and analysis of information about current and potential attacks that can threaten the safety of an organization or its assets.

With generous support from the European Union's Global Gateway initiative, participation in this training programme is free of charge for selected applicants. This includes accommodation, meals, and all planned learning activities during the training. Participants or their organizations are responsible for covering travel expenses and any visa application costs for Mauritius, if applicable.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.
