

## Registration information

### Designing interoperable digital government services for Maldives

Organized by:

#### Training details

**Modality:** Face to Face

**Location:** Male, Maldives

**Dates:** 07 Dec 2025 - 08 Dec 2025

**Training fees:** \$0.00

**Language:** English

**Application deadline:** 08 Dec 2025

**Training code:** 25WS500425ASP-E-D

**Contact:** [ashish.narayan@itu.int](mailto:ashish.narayan@itu.int)

#### Training description

The workshop aims to build a comprehensive understanding of international best practices in digital government and their implementation in the Maldives. It introduces a Whole-of-Government approach to digital transformation, highlighting the development of government enterprise architecture and the benefits of a building blocks approach. The goal is to improve participants' knowledge of relevant case studies related to the digital government technical framework and the challenges encountered during its implementation, and enhance participants' ability to understand and apply the W-o-G approach, Digital Public Infrastructure (DPI) approach with GovStack, and enterprise architecture development focused on providing citizen-centric digital government services.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

## How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
