Mastering AI interaction: prompt engineering for telecommunications governance and policy

Organized by:

Training details

Modality: Online instructor led
Dates: *17 Aug 2026 - 04 Sep 2026*
Training fees: $190.00
Language: English
Application deadline: 02 Aug 2026
Payment methods: bank_transfer, Paypal, Bank transfer, Paypal
Training code: 26OI500428MUL-E-D
Contact: danielnunes@inatel.br

Training description

This course is designed for government officers, regulators, and policymakers operating within the telecommunications ecosystem. In a landscape where Generative Artificial Intelligence is redefining industries, this training empowers participants to leverage prompt engineering as a powerful tool to enhance efficiency, analytical depth, and agility in decision-making. The course goes beyond theory, focusing on practical applications and case studies directly relevant to the sector's challenges, such as spectrum analysis, network security, drafting technical reports, and regulatory monitoring.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

How to pay for the training

This course is organized by Instituto Nacional de Telecomunicações (INATEL), an ITU Academy Training Centre, which will collect the training fees directly.

You will find details about the payment process of this Centre at the following [link](#) or alternatively in your ITU Academy account under [My courses](#).

Kindly note that payment must be made by 03 Aug 2026

Group registration and payment

Registration and payment for multiple people from an organization is possible through institutional contacts.

To become an institutional contact:

1. Go to your profile page by clicking on the "My account" button in the user menu and click on the "Apply to be an Institutional Contact" button
2. Fill in the required information and click "continue", a request will be created.
3. An ITU Academy manager will manually review this request and accept or deny it accordingly.
4. If accepted, you will find a new menu tab "Institutional Contact" appearing in the top bar. You can now request multiple seats in a course and assign them to people from your group. Kindly note, each individual must create an ITU Academy account.
