Training details

Modality: Face to Face
Location: Maastricht, Netherlands
Dates: *08 Jun 2026 - 12 Jun 2026*

Training fees: $0.00
Language: English
Application deadline: 15 Feb 2026
Training code: 26WS500438MUL-E-D
Contact: cdo.atc@merit.unu.edu

Training description

This summer school aims to strengthen technical and thematic capabilities on evidence-based digital policies to achieve Universal and Meaningful Connectivity. Participants will learn to interpret and use ICT statistics for developing, implementing and evaluating evidence-based digital policies. Through lectures, interactive and hands-on sessions, they will engage with experts on issues related to digital policies, and ICT statistics and maps, generating and applying evidence-based insights to inform and communicate policy-relevant issues on ICTs and digital technology.

With support from the Global Gateway initiative of the European Union, this course is offered free of charge for selected participants, including accommodation, meals and extracurricular activities. Participants or their organizations must cover travel to Maastricht and any visa costs.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.
