**Application deadline:** 08 Mar 2026

**Payment methods:** bank\_transfer, Bank transfer

**Training code:** 26OI500464MUL-E-D

**Contact:** [zn@nrdcs.lt](mailto:zn@nrdcs.lt)

## Training description

This course focuses on foundations of CSIRT/CERT/CIRT/SOC management and strategic leadership. Recognizing the critical transition from technical execution to strategic oversight, the course provides the necessary rationale for structured leadership within high-pressure incident response environments.

Every manager wants their team to be as effective as possible and achieve the best results that meet the expectations of their constituency. How much can a manager contribute to this and how can it be achieved? How can you stay motivated to move forward?

This is a unique training course that provides valuable practical knowledge that can be easily and quickly applied in real life. All training materials are based on the practical experience of the instructor and his clients, lessons learned in recent projects.

The training course will help answer questions such as how to allocate time for repetitive tasks, what can be optimized and what should be given more time, and how to correctly calculate and plan the CSIRT/CERT/CIRT/SOC budget. It will allow you to rethink the current mandate of CSIRT/CERT/CIRT/SOC and get ideas on how to update it.

Whether you are a newly appointed manager or an experienced leader, this training offers the foundational tools required to navigate the complexities of CSIRT/CERT/CIRT/SOC management with authority, foresight, and professional competence.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

## How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.
