**MasterClass: Generative AI in action for the public sector - lessons
from Singapore**

Organized by:

Training details

Modality: Online instructor led

Dates: 30 Apr 2026 - 30 Apr 2026

Training fees: \$0.00

Language: English

Registration deadline: 17 Apr 2026

Training code: 26OI500491MUL-E-D

Contact: assel@edutechfuture.com

Training description

This masterclass allows participants to examine concrete generative AI use cases from Singapore's public sector and derive lessons for their own country and institution. Aimed at public officials and development partners at beginner to intermediate level, it showcases how GenAI supports officer copilots, citizen facing assistants, content and translation services, and back-office efficiency within a broader digital government strategy.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to register

In order to register for the training, participants should:

1. Create an ITU Academy account [here](#)
2. Register for the course [here](#)

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
