Dates: Open
Training fees: $0.00
Language: English
Application deadline: 15 Dec 2026

Training code: 27OI500604AFR-E-D
Contact: ituacademy@itu.int

Training description

Implemented since 2022, Tech Orda aims to develop qualified IT professionals and improve employment opportunities by providing practical, industry-relevant digital skills training. The programme works with accredited IT schools to deliver training in high-demand areas, including artificial intelligence, programming, data analytics, web development and AI-powered product development.

Under this initiative, 45 training places are available to representatives of ITU Member States in Africa across 34 selected training courses.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
