Contact: donal.rice@gmail.com

Training description

The e-learning training aims to provide learners with the knowledge, understanding and skills required to specify accessibility for persons with disabilities in the public procurement of information and communication technology (ICT) products and services, enable learners to address accessibility during all stages of the public procurement process, and to provide learners with a solid understanding of the relevant international standards of accessible ICT

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
