Description

This training aims to introduce participants to the fundamental principles of RF Test and Measurement. Participants will be exposed to different methods and tools of measurement, and will be able to demonstrate different analysis features.

Registration information

[Document on registration information \(English\)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
