Description

This eLearning training aims to provide learners with the knowledge, understanding and skills required to specify accessibility for persons with disabilities in the public procurement of information and communication technology (ICT) products and services, enable learners to address accessibility during all stages of the public procurement process, and to provide learners with a solid understanding of the relevant international standards for accessible ICT.

Registration information

[Document on registration information (English)](#)

Unless specified otherwise, all ITU Academy training courses are open to all interested professionals, irrespective of their race, ethnicity, age, gender, religion, economic status and other diverse backgrounds. We strongly encourage registrations from female participants, and participants from developing countries. This includes least developed countries, small island developing states and landlocked developing countries.
