CTU/ITU/ITSO Satellite Communications training

Organized by:

Training details

Modality:

Dates: 14 Sep 2015 - 18 Sep 2015

Training fees: \$0.00

Language: English, English

Application deadline:

Contact: sylvester.cadette@itu.int

Training description

To provide participants with in-depth understanding of satellite systems and protocols as well as a comprehensive introduction to VSAT concepts, satellite communications systems, technologies and protocols and allow them to understand and assess VSAT systems for deployment into corporate wide area network solutions. The training will cover issues relating to satellite communications and regulatory issues, including the role of the regional and international satellite communications organizations

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
