

## Registration information

### 4G (IMT) Mobile Systems and Applications

#### Training details

**Modality:**

**Dates:** 04 Nov 2013 - 20 Dec 2013

**Training fees:** \$0.00

**Language:** English

**Application deadline:**

**Training code:** 13DL13712ASP-E

**Contact:** [Ashish.Narayan@itu.int](mailto:Ashish.Narayan@itu.int)

#### Training description

This course is designed to provide a comprehensive description of the different elements of 4G LTE mobile communication system and technologies. It aims to enable participants to develop skills that would facilitate designing LTE system and services, developing policies in LTE spectrum planning and network operations.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page [here](#).

#### How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account [here](#)
2. Apply for the course [here](#)
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
