Registration information

Certified IPV6 Network Engineer CNE6 L1 & L2

Organized by:

Training details

Modality:
Dates: *01 Dec 2012 - 20 Dec 2012*
Training fees: $0.00
Language: English, English
Application deadline: 19 Nov 2012
Contact: ashish.narayan@itu.int

Training description

As the requirement for IP addresses grow, IPv6 will replace IPv4 to ensure the continuity of the internet or any IP network. It has the potential to provide increased address space, improved routing and support for new applications.

For more information about the training objectives, target population, entry requirements, methodology, evaluation and content, consult the page here.

How to apply

In order to register for the training, applicants should:

1. Create an ITU Academy account here
2. Apply for the course here
3. The selection of participants for the course will be made by the course coordinators, based on the course's entry requirements, selection criteria and available number of seats. If selected, you will receive a notification by email.

The [ITU Academy](#) is the International Telecommunication Union leading platform for capacity development initiatives.
