Join our courses and expand your knowledge on a variety of ICT related topics with the ITU Academy. To access our complete training catalogue, click here

1. GovStack Workflow Building Block

- Registration: OPENED, 01 Jan 2026 - 31 Dec 2026
- Dates: 03 Nov 2025 -
- Training type: Online self-paced
- Location: Global or multi-regional
- Languages: English
- Event email contact: ayush.shukla@itu.int
- Price: $0.00

This self-paced course offers a comprehensive introduction to the Workflow Building Block, designed for individuals engaged in advancing digital transformation and enhancing efficiency in government services. Focused on the principles of process automation, service integration, and information flow management, the course highlights the critical role of workflow mechanisms in enabling streamlined, citizen-centric digital services within digital public infrastructure (DPI).

2. Ecosystem initiative development 201

- Registration: OPENED, 11 Nov 2025 - 31 Dec 2026
- Dates: 19 Jan 2026 - 31 Dec 2026
- Training type: Online self-paced
- Location: Global or multi-regional
- Languages: English
- Event email contact: innovation@itu.int
- Price: $0.00

This training course is by invitation only.

3. Strategic foresight 201

- Registration: OPENED, 05 Feb 2026 - 15 Dec 2026

- Dates: 04 Feb 2026 - 31 Dec 2026
- Training type: Online instructor led
- Location: Global or multi-regional
- Languages: English
- Event email contact: innovation@itu.int
- Price: $0.00

This training course is by invitation only.

4. Technical, business and regulatory aspects of Artificial Intelligence and Metaverse for future Internet and telecoms

- Registration: OPENED, 27 Oct 2025 - 29 Nov 2026
- Dates: 30 Nov 2026 - 07 Dec 2026
- Training type: Online instructor led
- Location: Global or multi-regional
- Languages: English
- Event email contact: s.laskowski@il-pib.pl
- Price: $150.00

This course focuses on technical, business and regulatory aspects of Artificial Intelligence (AI) and Metaverse for future Internet and telecoms. It covers fixed and mobile broadband Internet, QoS, and cybersecurity, AI fundamentals for telecom sector including ITU’s Machine Learning (ML), Generative AI, federated learning, Explainable AI (XAI) and responsible AI use. The course includes future AI-based clouds and IoT, including AI as a Service (AIaaS), edge AI and edge clouds, and Industrial IoT.

5. Tech Orda programme

- Registration: COMING SOON, 16 Nov 2026 - 15 Dec 2026
- Dates: 01 Feb 2027 -
- Training type: Online instructor led
- Location: Africa
- Languages: English
- Event email contact: ituacademy@itu.int
- Price: $0.00

Implemented since 2022, Tech Orda aims to develop qualified IT professionals and improve employment opportunities by providing practical, industry-relevant digital skills training. The programme works with accredited IT schools to deliver training in high-demand areas, including artificial intelligence, programming, data analytics, web development and AI-powered product development.

Under this initiative, 45 training places are available to representatives of ITU Member States in Africa across 34 selected training courses.

6. QazCoders programme

- Registration: COMING SOON, 16 Nov 2026 - 15 Dec 2026
- Dates: 01 Feb 2027 -
- Training type: Online self-paced
- Location: Africa
- Languages: English
- Event email contact: ituacademy@itu.int
- Price: $0.00

QazCoders is an educational programme aimed at promoting digital literacy and developing national competencies in information technology (IT) and artificial intelligence (AI). It offers self-paced online training courses to representatives of African ITU Member States.

7. Tomorrow school programme

- Registration: COMING SOON, 16 Nov 2026 - 15 Dec 2026
- Dates: 01 Feb 2027 -
- Training type: Face to Face
- Location: Africa
- Languages: English
- Event email contact: ituacademy@itu.int
- Price: $0.00

Tomorrow School offers a practice-oriented programme in programming and artificial intelligence, delivered through peer-to-peer learning, independent problem-solving and collaboration. The programme aims to develop practical programming and AI skills through more than 50 projects.

The ITU Academy is the International Telecommunication Union leading platform for capacity development initiatives.
