

Belarusian State Academy of Communications
FACE-TO-FACE Training Course on
Cybersecurity of Web Sites and Web Applications
Minsk, Republic of Belarus
13-15 November 2019

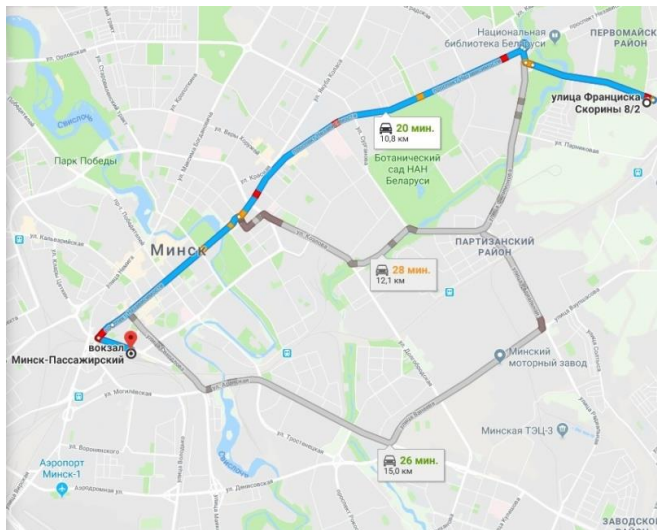

INFORMATION NOTE

1. INTRODUCTION

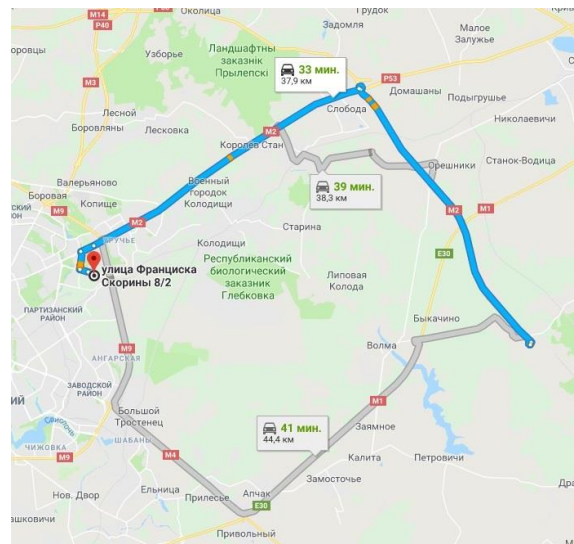

This training course aims to introduce participants with the issues of network infrastructure and Internet services protection, as well as with best practices in the appliance of different network and program solutions aimed at the protection of web resources and the network in general. The training will consider possible web service attacks and their consequences (OWASP project and top 10 vulnerabilities), as well as possible variants of protection. The training will cover both theoretical instructions and practice.

2. VENUE OF THE TRAINING

Belarusian State Academy of Communications (BSAC)
St. F. Skoriny, 8 block 2
