Administrations of ITU Member States Regulators, Sector Members, Academia in Asia and the Pacific

Subject: ITU Asia-Pacific Centre of Excellence face-to-face training course "Traffic Engineering and Advanced Wireless Network Planning", 30 September - 3 October 2019, Bangkok, Thailand

Dear Sir/Madam,

I am pleased to invite your organization to participate in the face-to-face training course on "Traffic Engineering and Advanced Wireless Network Planning" that will be held in Bangkok, Thailand from 30 September to 3 October 2019. This training is organized jointly by the International Telecommunication Union (ITU), the Office of National Broadcasting and Telecommunications Commission, Thailand (NBTC) and the Wireless Communication Centre, Universiti Teknologi Malaysia (UTM) as part of the Wireless and Fixed Broadband programme under the auspices of the ITU Centres of Excellence for Asia-Pacific. The training will be delivered in English.

The training course is designed to

- build knowledge of policy makers, regulators and telecom operators in the areas of 4G, 5G and IoT ecosystem and related network planning,
- share best practices on traffic engineering and network planning in evolving scenarios, and
- build skills on how to develop a roadmap for 5G and IoT.

Detailed information on this training is described in the course outline, which can also be downloaded from the ITU Academy portal at the following link: <a href="https://academy.itu.int/training-courses/full-catalogue/traffic-engineering-and-advanced-wireless-network-planning">https://academy.itu.int/training-courses/full-catalogue/traffic-engineering-and-advanced-wireless-network-planning</a>

This training targets executives, managers, engineers and staff from regulators, policy makers, ICT agencies, service providers, academia and government organizations dealing with advanced wireless and traffic network planning.

Registration should be made online through the ITU Academy portal at <a href="https://academy.itu.int/training-courses/full-catalogue/traffic-engineering-and-advanced-wireless-network-planning,">https://academy.itu.int/training-courses/full-catalogue/traffic-engineering-and-advanced-wireless-network-planning,</a> no later than 15 September 2019.

There is no fee for the training course, however, participants are expected to cover their own travel, accommodation and other related costs. Additional information such as an information note for participants, including a list of recommended hotels, is available at the ITU Academy portal and at <a href="http://www.itu.int/itu-d/asp">http://www.itu.int/itu-d/asp</a>.

Mr. Ashish Narayan (<u>ashish.narayan@itu.int</u>) from the ITU Regional Office for Asia and the Pacific and Ms. Bongkod Kongchaisareeoahb from the NBTC (<u>Bongkod.k@nbtc.go.th</u>) are at your disposal should you require any additional information.

require any additional information.
I look forward to your active participation in the course.
Yours faithfully,
[original signed]
Ioane Koroivuki Regional Director
