Subject: ITU Asia-Pacific Centre of Excellence face-to-face training course on “Building IoT Solutions for Energy and Water Resource Management”, 30 November – 4 December 2019, IoT Academy (CoE), Tehran, Iran

Dear Sir/Madam,

I am pleased to invite your organization to participate in the face-to-face training course on **“Building IoT Solutions for Energy and Water Resource Management”** to be held in Tehran, Iran on 30 Nov – 4 Dec 2019. This training is organized jointly by the International Telecommunication Union and the IoT Academy as part of the Internet of Things programme under the auspices of the ITU Centres of Excellence for the Asia-Pacific region. The training will be delivered in English.

This face-to-face training course aims to introduce participants to Internet of Things (IoT) concept, pillars, trend, market, architecture and IoT verticals related to energy and water. It will focus on topics that address IoT usage for supply management, IoT solutions for energy resource management and IoT solutions for water resource management. Detailed information on this training course is described in the course outline which can be downloaded from the ITU Academy portal at the following link <https://academy.itu.int/training-courses/full-catalogue/building-iot-solutions-energy-and-water-resource-management>.

The course targets at IT professionals, managers, ICT engineers, policy makers, regulators, service & solution providers and academia, who are interested in understanding the IoT Solutions for energy and water resource management. Other institutions and individuals that are interested in building their capacity in this field are also welcome to participate in this training course.

Registration should be made online at the aforementioned link no later than **5 November 2019**. Payment details are specified in the training course outline.

Mr. Ashish Narayan (ashish.narayan@itu.int) from the ITU and Mr. Naghizadeh (Edu@IoTAcademy.ir) from the IoT Academy, are at your full disposal should you require any information. Additional information on this training course, such as an information note for participants, including a list of recommended hotels, is available at the ITU Academy Portal at <https://academy.itu.int/training-courses/full-catalogue/building-iot-solutions-energy-and-water-resource-management>

We look forward to your active participation in this training course.

Yours faithfully,
