6	Digital Broadcasting Regulation in a Converged Environment	Online	2nd-13th Nov 2020		Not Implemented	

3 courses were implemented and 3 were not implemented

Digital Broadcasting Content Regulation in a Converged Environment, 3-28 Aug 2020

The **4 participants** were from the Telecommunications and Postal Regulatory Authority (**TPRA**) of Sudan.

The **feedback** we received was very good.

All participants passed the **assessment** that was conducted during the training. The results were shared with ITU for issuing of **Certificates**. No Certificate has been issued to date.

Radio Frequency Spectrum Economy and Market Valuation, 16 Nov-11 Dec 2020 (On going)

The **4 participants** are from Liberia Telecommunications Authority (**LTA**) and **5 participants** are from Uganda Communications Authority (**UCC**).

Radio Frequency Spectrum Economy and Market Valuation, 7 Sept-2 Oct 2020

1 **participant** from Tanzania Communications Regulatory Authority (TCRA) and 1 **participant** from African Telecommunication Union (ATU).

The **feedback** we received was very good. The same course with minor modification will be sponsored by ATU for RF Spectrum Management stakeholders in Africa.

All participants passed the **assessment** that was conducted during the training. The results were shared with ITU for issuing of **Certificates**. No Certificate has been issued to date.

Challenges: AFRALTI had planned to run six courses in 2020. Unfortunately the response from the market was not very positive just why we ended up running only three courses.

Due to Covid-19 pandemic no course was conducted in-person.

Courses planned in 2021
